

APPOINTMENT CANCELLATION POLICY

Effective from **February 1st 2026!**

At our practice, we carefully reserve time for each patient so we can provide attentive and high-quality care. To help us support all our patients and our team, we kindly ask for advance notice if you need to make any changes to your appointment.

Please note

- Cancellations or rescheduling within 48 hours of the appointment time are considered short-notice cancellations.
- Missed appointments (“no-shows”) and short-notice cancellations will result in a \$50 cancellation fee being applied to your account.
- Repeated missed or short-notice cancellations may limit future scheduling options.

We truly appreciate your understanding. This policy helps us provide timely care to all our patients and reduce delays in treatment.

Thank you for your cooperation!
